Chairman of the Board  
Wang Laboratories, Incorporated  
One Industrial Avenue  
Lowell, Massachusetts 01851

Dear Dr. Wang:

I would like to thank you for the cordial reception that Agency executives received during their visit to your Lowell headquarters on 19 April 1983. I thought the discussions between Agency and Wang executives were valuable in understanding the plans and directions of both organizations. As was indicated during the presentation by the Director of Data Processing, the Agency will require your cooperation to develop interfaces between Wang equipment and other Agency systems. I was pleased at the positive response from you and the other Wang executives on this matter. Agency projects often involve multiple systems and promise a high return once the development has been completed. I remain hopeful that our needs will be satisfied by your corporation and that we will continue our association for many years.

Sincerely,

Harry E. Fitzwater
